Surinaamse Voetbal Bond

Onderwerp: Besluit FIFA mbt de situatie in Suriname

Bijlage: Schrijven FIFA dd. 18 juli 2022

Paramaribo, Juli 19 2022

Geacht bestuur,

Met het uitdrukkelijke verzoek van de FIFA om dit schrijven door te communiceren naar al onze stakeholders treft U als bijlage aan een schrijven van de FIFA waarin zij o.a. hun ongerustheid uitspreken over de door het bestuur op de verdaagde ALV van 28 mei 2022, in het vooruitzicht gestelde verkiezing.

Wij vragen bijzondere aandacht voor hetgeen gesteld is in de 2 voorlaatste alinea's, zijnde FIFA actiepunten die in het comparitie voorstel zijn opgenomen. Dit naast de condities die in de bestuurs-statement voorgelezen op de verdaagde ALV van 28 mei 2022, genoemd werden.

Door het bestuur zal er ter uwer informatie vandaag nog een retour schrijven naar de FIFA gestuurd worden om zo spoedig mogelijk een gemengde FIFA-CONCACAF delegatie naar Suriname af te vaardigen. Dit ter implementatie van hetgeen de Moederorganisatie van de SVB in haar schrijven heeft gesteld.

Hoogachtend

Het bestuur van de Surinaamse Voetbal bond
Namens deze.

Situation and statutes revision process of the Surinamese Football Association

Dear President Krishnadath,

We acknowledge receipt of your correspondence dated 12 June 2022 regarding the annual and financial reports for the year 2021 rejected by the members of the Surinamese Football Association (SVB) on 28 May 2022 during the General Assembly, which prevents the SVB from submitting its annual audited financial statements for the year 2021 before the date established by FIFA Forward 2.0. We also take note that during said General Assembly the board of the SVB announced that it would call for new elections in the coming months. We must express that both, FIFA and Concacaf, are deeply concerned about this delicate situation.

In addition, we wish to underline that FIFA and Concacaf see an urgent need to harmonise the SVB Statutes and Electoral Code with the latest requirements of FIFA and Concacaf. One of FIFA's primary objectives is that all of its member associations shall comply with their obligations as provided in the FIFA Statutes. In this respect, SVB as a member of both FIFA and Concacaf must ensure that its statutes fully comply with the mandatory requirements contained in the Statutes and regulations of FIFA and Concacaf. Furthermore, FIFA and Concacaf encourage SVB to adopt additional principles of good governance and best practices in their statutes and regulations.

In this context, we expect that SVB adopts new statutes and electoral code which are fully in line with the requirements of FIFA and Concacaf within the coming months. To this end, FIFA and Concacaf will provide the necessary support to SVB throughout the revision process so that it proceeds in the best conditions. We will provide you with further details of the revision process in due course. We must stress that no elections will be take place at the SVB until new FIFA and Concacaf compliant Statutes and Electoral Code are approved.

Finally, and in view of the delicate and irregular situation currently faced by the SVB, we confirm that FIFA and Concacaf representatives will be traveling to Suriname in the coming months to properly assess the situation and determine a way forward. The FIFA and Concacaf representatives will hold meetings with the different relevant stakeholders of SVB during such meeting.

We thank you for the attention to the above and your collaboration and request that you communicate the content of this letter to your relevant stakeholders.

Yours sincerely,
FIFA

Kenny Jean Marie
